

metatron discovery

^{2021 1st} Board Meeting

2021.4.13

Agenda

- 1. Review 2021.1 Release
- 2. 2021 Discovery Management Plan
- 3. 2021 Main Features

Before 2021 Release

2021.1 Release

New Feature

- Introduce engine(druid) monitoring function
 - ✓ You can monitor the druid engine status.
 - ✓ You can receive notifications of the status of each node through the slack channel.
- Support real-time data source
 - ✓ You can create a data source using Kafka topics.
- Snapshot as an SQL script
- New JDBC connection support for workbench
 - ✓ Athena
 - ✓ BigQuery
- Added security enhancement option
 - ✓ Various options such as multiple access restrictions and timeout... have been added.

Bug Fixes

In addition, various bug fixes were included. For details, please refer to the existing RC Release note.

Druid features

You need to upgrade your Druid to 2021.1 version unless you did it. The druid binary was build based on hadoop version 3.1.1.3.1.4.0-315.

2021 Discovery Management Plan – Release

- 1. Release Cycle : Once per quarter
- 2. Current Release : 2021.1
- 3. Future release plan

2nd quarter : 2021.2

3rd quarter : 2021.3

4th quarter : 2021.4

2021 Discovery Management Plan – Issues

- : Github
- 2. Issue development procedure
 - : Prioritizes when establishing a development plan
- 3. Clean up existing backlog
 - : Reuse issues after checking whether similar issues exist during development

2021 Main Feature

Data Grid

- Number Format, Font Color, Background Color By Column
- Save Column Width
- Column Sorting
- Column Partial Sum Row/Column

DataSource management function improvement

- DataSource re-ingestion
- DataSource <-> Chart Schema

Map Chart improvement

• Kepler.gl

Front-End Framework Bump

- Angular 11
- Typescript 4.1

Multi Tenant

Organization support

2021 Main Feature

2021.1

 DataGrid function improvement

2021.2

- Front-End
 Framework
- DataSource management improvement
- Map Chart v2

2021.3

- Map Chart v2
- Multi Tenant
- Chart Widget
 function
 improvement

2021.4

 Chart Widget function improvement
